Howard Hutchison Is Killed in Action

Second Canyon Boy With Co. F Reported Killed In Invasion of Italy

HOWARD C. HUTCHISON

Pvt. Howard C. Hutchison was killed in action on December 2 in Italy, according to a telegram received Sunday from the War Department by his parents, Mr. and Mrs. J. C. Hutchison.

Pvt. Hutchison was a member of Company F, 36th Division. This makes the second Canyon boy who has been reported killed in action while serving with this unit, and at least two others have been wounded.

Howard left Canyon with Company F when it reported for training at Brownwood in January, 1940. The 36th Division first landed in North Africa, and bore the brunt of the Italian invasion at Salerno.

He is survived by his parents; two brothers, John Hutchison and Charles Hutchison, who is in the South Pacific; five sisters, Mrs. Helen Ham of Washington, Misses Juanita, Lavene, Joan and Betty.

Newspapers Not Delivered Here

Mail Subscriptions Will Be Accepted Only Up to Saturday Nite This Week

Delivery service of the Amarillo News-Globe was discontinued in Canyon this week due to the manpower shortage.

The News called C. F. Underwood, circulation manager of the Globe-News yesterday and received the following statement:

Canyon was among the last towns in the Panhandle in which carrier service was maintained. The service was discontinued only after ...in attempts to induce men or ...ys to continue with the service. ...any larger towns have not had ...s service for more than a year.

While bargain rates came to an end on Dec. 31, a concession was made which applies only to those who have been receiving carrier service in Canyon. The Canyon News was authorized to send in subscriptions up to Saturday night, Jan. 8, at the rate of $7.95. After this day the rate will be $10 per year. The papers will come through the postoffice.

For those who wish to secure their papers at the news stand in Canyon they may buy them at the City Pharmacy at $1.50 per month for both papers, or 85 cents per month for either the News or the Globe. But they must go after their daily editions.

The Canyon News has assisted hundreds of Randall county citizens with their newspaper problems this year, and will be glad to assist those who now wish to secure the paper through the mails.

District Court in Session But Has No Business Here

District court convened Monday, but there was no business for either the grand jury or necessity of a petit jury this week. Men who had been notified to serve on the petit jury were advised not to appear for service.

The grand jury was empaneled Monday. Before Judge Henry S. ...shop could complete the grand ...ury it was necessary for half of the ...nen to secure their 1944 poll tax ...eceipts.

Those selected for the grand jury were: R. E. Ball, foreman, Charlie Beckman, G. J. Bonds, W. L. Browning, B. A. Burrus, Clyde Davis, Glenn Dowlen, C. B. Fuqua, M. T. Maddox, E. A. Michael, H. G. Persons, C. B. Erwin. Bailiffs appointed were: W. F. Barnard and ... P. Shelnutt.

The grand jury was in session Monday, found no bills and recessed ...ntil January 17.

May & McDonald Buy Building at Corned of Square

O. A. May and J. Alvin McDonald have bought the Baltimore Hotel building at the southeast corner of the square. The building has been vacant for several years.

The building has a 60 foot front on 16th Street, with two store rooms on the ground and 20 rooms on the second floor.

The first floor is being remodeled in order to take care of the machinery and automobile business of the new owners. A new concrete floor will be run.

No work will be done on the second floor at present. It was used for the Baltimore Hotel for many years.

The firms will move to the new location as soon as the building can be remodeled. The building was owned by a Dalhart Bank.

Pioneer Resident of Canyon Is Dead

Mrs. Jim St. Clair, pioneer of Canyon, died Dec. 24 at her home in Ladonia, Texas. Surviving are her sons, Walter of Ladonia, Norman of Dallas, James E. of Mexico, Calvin of San Antonio, Grady of Pasadena, Calif.; two daughters, Mrs. John Crispie of Rankin and Mrs. Sam Roberts of San Angelo.

Febrary Call Is For 29 More Men

Local Board Instructed to Investigate Single Boys in Deferred Classification

Randall county has been called upon to furnish 29 men on the February call. The men will leave on the afternoon of February 17.

Notices were mailed to five men Monday for the call of January 17.

Under direction from Selective Service headquarters, the local board is investigating the standing of single men who have been deferred for occupational jobs. It is likely that most of the single men of the county will be inducted into military service early this year under the broad provisions of Selective Service which wipes out large blocks of deferable classifications.

The navy took four of the men who took their physical examinations in Lubbock last Thursday. These are: Billy Morgan Brown, Jerry Nolan Beck, Richard Zina Findley, Claud Walter Lamb.

James W. Austin was accepted in the Marine Corps.

Elwyn Wade Morton and Billy Keith Irwin were accepted in the Air Corps Reserve and are subject to immediate call.

Ronald Edward Mock, James Lewis Stipe and Clifton Berry Perkins will report to Fort Sill on January 20.

Robert Parsons and Robert C. Taylor were placed in limited service and will be subject to induction at a later date.

Rejected were: Andrew Jesse Drake, Ross Martin Harp, Franklin Columbus Altman, Marion K. Myers.

Cecil Howard King and Charles Edward Colling, Jr., failed to show up for induction and their cases have been turned over to the U. S. District Attorney.

Man Killed Near Umbarger When a Tractor Overturns

Forest H. Simpson was killed near Umbarger Tuesday at 12:30 p. m. when a tractor turned over on him, crushing his chest.

He had been working on the R. E. Gill farm. A truck which he was driving stuck in the mud and he went to the F. V. Friemel house to borrow a tractor to pull the truck out. He was trying to drive the tractor upon a graded road when it turned over, pinning him into the mud. Mr. Gill was about 50 yards away when the accident occurred. The man was instantly killed.

His father, John Simpson, lives at Quanah. He came Tuesday night and took the body to Quanah for interment.

Simpson had been working in the Umbarger community for four years and was well known to many citizens of that community.

STORK SPECIAL

A son, Sam Thomas, III, was born to Capt. and Mrs. Sam Thomas, Jr. of Colorado Springs, Colo., on December 2.

Mr. and Mrs. Elmer Fox are the parents of a baby girl, Betty Marie, born December 31.

JOINED AIR CORPS

Arthur B. Duncan, Jr., son of Mr. and Mrs. A. B. Duncan, has volunteered in the Army Air Corps. He is attending West Texas State and will continue his work until called into the service.

Mrs. Lizzie Schaeffer Died Home in Happy; Pioneer of County

Mrs. Lizzie Schaeffer, 80 years of age, died Saturday morning at 2 o'clock after an illness of several weeks. She has been a resident of Randall county and in Happy for 34 years.

The funeral was held Monday at the family home in Happy, conducted by R. H. Chambers of Austin. Interment was held at the Wayside Cemetery at the side of her husband, in charge of the Griggs-Thompson Funeral Home.

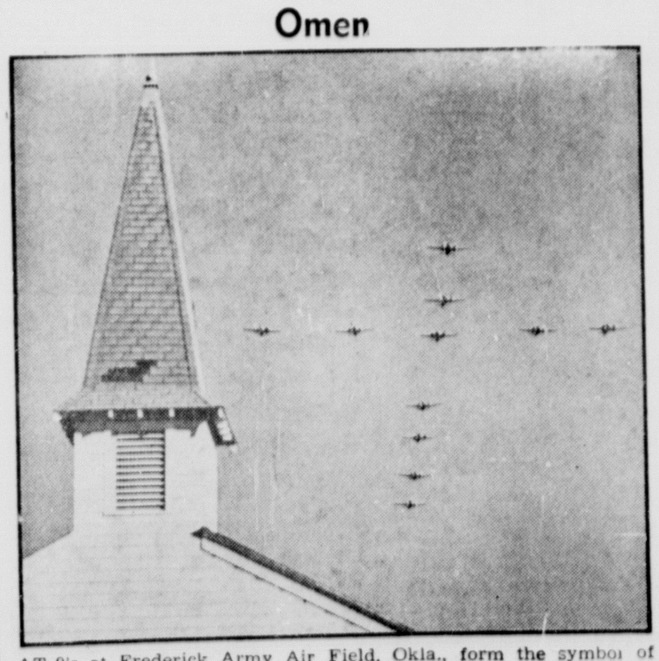
Pall bearers were George Cope, J. W. Byrd, Albert Masters, Homer E. Bryan, Frank Walters, A. C. Mann.

Surviving are four sons, Cpl. George W. Schaeffer of the U. S. Army, E. W. Schaeffer of Happy, L. E. Schaeffer of Amarillo, A. A. Schaeffer of Plainview; two daughters, Mrs. W. E. Moore of Happy and Mrs. R. E. Bryan of Happy.

School Men Left for Austin on Monday

President J. A. Hill, Dean R. P. Jarrett, Dr. Harris M. Cook, F. E. Savage and J. B. Speer left Monday for Austin where they are looking after school business this week.

Omen



AT-9's at Frederick Army Air Field, Okla., form the symbol of Christianity and hope against tyranny as they fly over the post chapel.

On the Eastern Front

CZECHOSLOVAK NURSES IN RUSSIA, attached to a Czechoslovak unit now fighting beside the Red Army, have been in action against the Germans since January, 1943. Eight of them have already been decorated for gallantry under fire. Many Czechoslovak women made their way to Russia after the occupation of Prague and joined their men to act as auxiliaries, nurses and even as front line soldiers.

War Bond Drive Starts Jan. 18

County Chairman R. H. Wright Announces List of Workers For Drive

The Fourth War Loan Drive will start on January 18. Randall county has been given a quota of $173,000, according to County Chairman, R. H. Wright.

All E, F and G Bonds and Tax Notes which are sold between January 1, 1944, and February 29 will count on this drive.

Mr. Wright called the executive committee to meet Monday night for organization and the following committees were named:

Executive Committee: R. H. Wright, W. C. Black, C. H. Jarrett, C. R. Burrow, T. A. Black, G. G. Foster, Alfred Bellah, C. L. Thompson, J. B. Speer, Lee L. Johnson, W. J. Wooten, Mrs. T. H. Knighton.

Publicity Committee: Clyde W. Warwick. Speakers, J. B. Speer and Mitchell Jones. Posters: Clay Cooper.

Women's Division: Mrs. T. H. Knighton, Vice-chairman, Mrs. R. A. Neblett, Mrs. C. A. Murray, Mrs. A. M. Meyer, Mrs. W. A. Miller, Mrs. Clyde Warwick, Mrs. Andy Walsh.

Solicitors and Team Leaders: C. R. Burrow, Team Leader; Bailey McCormick, Calvin Casey, D. S. Hill, W. E. Bennett, Albert Byars, George Mason, A. W. SoRelle, Andy Walsh, G. W. Cox.

T. A. Black, Team Leader: Ray Campbell, W. A. Warren, Ross Craig, Allan Farlow, R. B. Davis, W. T. Oliver, Herman Kuhlman, Wilford Taylor, Sr.

C. H. Jarrett, Team Leader: Dr. R. P. Jarrett, Jr., A. W. Sternenberg, W. J. Wooten, Harvey Cash, Clyde McElroy, Roy N. Byrd, T. V. Reeves, Walter Graham, C. P. Robertson.

G. G. Foster, Team Leader; H. A. Brown, Gordon Lyons, Wilson Campbell, A. H. Hunt, Hosea Foster, A. E. Wise, E. W. Schaeffer, Jeff Wallace.

Lee L. Johnson, Team Leader; F. E. Savage, Miss Hattie M. Anderson, T. B. McCarter, S. H. Condron, C. A. Murray.

Other Solicitors: John Bedenk, Alfred Bellah, J. B. Speer, C. L. Thompson, L. W. Cole, W. C. Black, J. L. Cole, Lee R. Foster, R. H. Wright.

Compilation of Totals of Sales: W. C. Black, Guy Harp, L. W. Cole, W. J. Wooten, R. H. Wright.

Lt. Bill Strain Is Promoted

Lt. and Mrs. W. W. Strain were home for the holidays to visit at the home of his mother, Mrs. Bertie Strain. He was recently promoted from 2nd to 1st Lieutenant. He is located at Camp Swift.

MARRIAGE LICENSE

Wallace Faires and Miss Dorothy Wren Simmons, Dec. 30.

John F. Miller and Miss Norma Fae Linscott, Dec. 31.

Joseph N. LaCost, Jr. and Miss Virginia Doris Suggs, Dec. 31.

J. S. Cleland has been ill with the flu this week.

W. L. Lyons Asks Office Sheriff, Assessor-Collector

W. L. LYONS

W. L. Lyons authorizes The News to announce that he is a candidate for the office of Sheriff, Tax Assessor and Collector of Randall county, subject to the Democratic primary.

Mr. Lyons states that he and his family have been life long Democrats. He has been a taxpayer and voter in Randall county for 18 years. Mr. and Mrs. Lyons owned and operated a grocery business in South Amarillo during those 18 years. They recently sold their business in order to care for his invalid mother, and have moved to Canyon. They have bought a home in Canyon and whether elected to public office or not, Mr. Lyons states that they shall continue living in Canyon.

Mr. Lyons has had long experience as a peace officer. He served as Deputy Sheriff, Tax Assessor and Collector of Randall County for six years in South Amarillo, Randall County. For four years he was with the Amarillo Police Department on a patrol car at night. He is highly respected for his ability as a Peace Officer among his fellow officers, and the court of the Panhandle. He has the respect of the people because of his fairness in looking after the public business, and of the criminals as he always has given them a fair deal.

"To my friends and acquaintances over the entire county, I wish to state that if elected to this important office I will at all times operate it on a business basis," stated Mr. Lyons. "Everyone will be welcome to come to my office and discuss public affairs. I will endeavor to see every citizen in Randall county and talk to them personally about my campaign for this office. We are in a war. Gasoline is scarce and hard to get. If I fail to see you, you will know why. Most of you know me, or know of me through my long residence in the county. I shall appreciate your vote and any help you can give me in this race," stated Mr. Lyons.

Clarence Eugene Thompson has been transferred from College Station to Treasure Island, California. He is a radio technician 3/C in the Navy.

Shop in Canyon regularly.

Save Paper By Not Wrapping

Best Method of Saving Paper is Not Using Various Kinds of Wrappings

Scores of Canyon people have telephoned the News during the past month asking about scrap paper which they are saving.

So far no method has been prescribed to take care of scrap paper in the small towns of the nation.

However, there is one way by which each and every citizen may help in the paper shortage: DO NOT REQUIRE PACKAGES TO BE WRAPPED.

Millions of tons of valuable paper are wasted annually in America by people insisting that packages be wrapped. Chances are that as soon as the customer reaches home they were wondering how they may dispose of the wrapping paper without burning it—which seems like an unpatriotic thing.

But if every customer will ask the business house NOT TO WRAP their packages, a real saving of paper will be made.

There is a real shortage of paper in the nation today. Printers are asked to reduce the consumption of paper 25% during 1944. Stationery manufacturers say that box stationery will be almost a thing of the past by the middle of the year. After all 50% or more of the boxes could be saved as they are unessential and usually thrown away.

Every citizen is urged to save paper by not using it carelessly.

Jesse Pierce Died Saturday; Funeral Held on Monday

Jesse Pierce, 72, died Saturday at an Amarillo hospital where he had been taken for treatment. He had lived in the Panhandle for 50 years, and in Amarillo during the past 15 years. He was a pioneer stockman in Randall county.

The funeral was held Monday in Amarillo, conducted by Rev. Frank A. Godsoe, pastor of the Central Baptist Church.

Pall bearers were: Grady Oldham, Howard Paul, Jim Trollinger, Grady Thomas, Ott Eckert, John Gorin.

Surviving are, one brother, L. A. Pierce of Canyon, and one sister, Mrs. C. A. Hitchcock of Amarillo.

Word has been received by Mrs. Ray Crowder that her husband, Lt. Crowder, has arrived safely somewhere in England with the 140th Ord. Battalian. Before entering the service he was employed in the Clovis schools.

Miss Louise Shirley returned Saturday to Santa Fe, N. M., where she is teaching in the public schools. She spent the holidays in the parental D. A. Shirley home.

Miss Gladys Armstrong left Saturday for a business trip to Austin. She will stop at Wichita Falls on her return.

Mr. and Mrs. J. C. Duke and children of Sundown spent the holidays at the parental P. V. Winstead home.

Hardest Winter Since 1918-1919

Feed Situation Is No Better, But Only Few Cattle Reported Dying

The weather man was strictly on the job to start the New Year. A slow rain started to fall early in the morning, turning to snow about noon. This continued throughout the afternoon.

The moisture here amounted to a half inch, marked the largest amount of moisture to fall on New Year's day for many years.

The total moisture for 1943 was 16.16 inches. The rain and snow of Saturday starts 1944 brings more moisture than fell in 1943 up to April 16. The ground is soaked for several feet, and ice and snow is still on the ground in many places.

There will be no chance to get into the fields to plant more wheat for several weeks. As a result it is expected that the acreage of oats, barley and row crop will be much larger than usual in Randall.

Stockmen say this prolonged cold, wet weather has been very hard on cattle. Very little loss is reported in Randall county, but continued low temperature might prove very costly to cattle. A second car of cake is being distributed under the certificate plan. Most farmers had bundle feed, although the fields are so muddy that it is hard for the farmers to get the feed to their stock.

The winter is considered to be equally as bad as the one of 1918-19, which made a record in the Panhandle.

The temperature was down to 16 degreees Sunday and 20 degrees yesterday. Another storm was predicted for yesterday, but fortunately it failed to develop.

War Bond Sales For December Is Over the Quota

Randall county went over the top again when the December sale of War Bonds exceeded the quota.

The quota was $26,600. The sale up to Friday night amounted to $27,780.25.

Randall county is ahead on the quotas which have been set up during this year. While the monthly quota has not been met in every instance, the total sale of War Bonds for the year will more than equal the total of the monthly quotas and together with the Second and Third War Bond Drives.

Charles Barnard, Jr. Cited For Bravery During Seize Italy

Staff Sergeant Charles W. Barnard, Jr. has been cited by General Fred L. Walker for bravery in Italy. Sgt. Barnard entered the armed forces from Happy. He is the son of Mr. and Mrs. C. W. Barnard, who now live at Clyde, and grandson of Mr. and Mrs. W. F. Barnard of Canyon.

The citation reads:

It has been officially reported to me that on 9 September 1943 in the vicinity of Paestum, Italy, you assisted in unloading seven 105m howitzers and one 57mm anti tank gun from Dukws while subjected to intense enemy artillery fire. When the unloading was completed you supervised the placing of your own piece into position and then fired it constantly throughout the morning.

The courage, initiative and devotion to duty displayed by you inspired all who witnessed the act and materially aided in the establishment of the beach head.

Sgt. Barnard is with Battery B, 131st Field Artillery Battalion in the 36th Division.

CLUB WILL MEET

The Umbarger Home Demonstration Club will meet in the church basement at the regular time, January 13.

Mrs. Ray Crowder, who has been visiting her parents, Mr. and Mrs. W. I. Wester, returned to Clovis, N. M., Tuesday where she will make her home. She is employed with the Mandell Department store there.

Visitors in the Worth A. Jennings home Christmas were Cecil Hagood and family of Floydada, Vester Hill and family of Spearman, Joe Jennings and family of Lorenzo, Mr. and Mrs. Martin Phillips of Hale Center, and M-Sgt. and Mrs. Jack N. Jennings of Temple.

Mrs. A. K. Powell of Wichita, Kansas, is visiting in the parental B. B. Cluck home.

The Worthy Remain Free

As the calendar heralds 1944, grim predictions of allied political and military leaders rank foremost in the minds of all people. Nineteen-hundred-forty-four is the year of decision. It is the year of total war and destruction, death and suffering. It may well be the year of military victory—thanks to the courage of our fighting men and the American production miracle.

Armament production in the United States has reached staggering proportions. In November, every five minutes saw the birth of one new complete plane. The month's total was 8,789, of which 1,000 were heavy bombers. More than 150,000 war planes have been built since the start of hositilities.

Nineteen million tons of merchant ships were launched in 1943, compared to 1,163,000 tons in 1941.

Naval and shipbuilding has outstripped the imaginations of the wildest dreamers. About a dozen aircraft carriers were turned out in November alone. Warship tonnage in 1941 was 2,132,000. Out of the ashes of Pearl Harbor it rose to 5,000,000 tons in 1943, a colossus bent on the destruction of Japanese aggression and Nazi tyranny.

Tanks, guns and supplies are being produced in unbelievable quantities.

These things were made possible by the productive genius of free enterprise. In the hands of 10,000,000 American men and their companies in arms, they are America's answer to the warped leaders of Europe and Japan who have challenged our freedom.

But we have no cause to rejoice. Tens of thousands of our men must die in 1944 to meet the challenge of the dictators. Usual year-end speechmaking and editorial phrase-making are out of place. The people were told when the war started that they would have to make sacrifices. They were told that this was total war. And, yet, other than those who have given their men, no one has so far made an iota of real sacrifice. It is not in the cards for such a condition to continue.

Sometime in the not-too-distant future we, at home, are going to find out what total war means, even though we may never feel the impact of bombs on our cities.

A pretty good indication of how we are going to find out can be seen in the gusts of bitter controversy sweeping through the land over strikes, taxes, subsidies and inflation. They are the prelude to the storm. When it hits in full fury, the test of our love of freedom will be upon us.

No person in this nation can ever shut from his mind the awful vision of the last days of 1943 in which 1,000 marines lay dead on the beaches of one little South Pacific island. Those men died for the right to be free. We at home have yet to prove worthy of the freedom for which they died.

Every American must have a deep feeling of pride in the valor of our fighting men as we see them continue defeating the enemy on every front. We are not going to lose the war on the fighting front. But we cannot say so much for the home front. Never has there been so much friction, disagreements, strikes, and strife, black markets, unjustifiable war profits as prevail in this nation. We continue buying our quota of war bonds, as this seems the best investment that can be made. Our patriotism is at a pretty low ebb when it comes to really backing the boys who are facing the shot and shell of our enemy, if the best we can do is make a safe financial investment.

Churchill was hard to handle at the recent conferences of the United Nations leaders, according to reports which leaked out. While Churchill is anious to win the war, he is also interested in winning the peace. The English people have always been hard traders and look after their Empire interests. Roosevelt found both Stalin and Chaing much more agreeable and easier to handle than Churchill. As a result of the news leaks regarding the conferences, the anti-British feeling which has always existed in this nation has again been stirred up. They tell us that we are helping the English too much. Perhaps we are giving very freely of our men and material to save the British, but let it be understood that while we are helping save the british, the French, the Russians and the Chinese at the same time we are keeping war away from our continent. It would be a very silly policy on our part to withhold aid which might in the long run lead to the invasion of our nation.

Any soldier who disobeys an officer of the lowest rank in the U. S. Army is subject to courtmartial. Yet John L. Lewis and the other labor racketeers continue to disobey the Commander-in-Chief of all American troops and continue to get away with it. We used to think that Senator W. Lee O'Daniel was trying to ride a political bandwagon when he started in on the labor racketeers. Whether the Senator was more farsighted than most citizens, or whether the thing just happened that way, no one will know. But Senator O'Daniel called the turn right in this case. Labor racketeers are kicking the balance of us around. There seems nothing that we can do about it, simply because the President threw in with these labor racketeers when first elected, and now refuses to take strong means of curbing their lustful demands. C. I. O. has been trying to organize the farmers of the nation, and if they succeed the great middle class will really be in the middle of a brutal squeeze play.

President Roosevelt was asked the direct question at a press conference regarding his plans for a 4th term. Naturally he evaded the question. This is good politics. He would greatly encourage the Republicans if he were to announce no intention of running again. Likewise, his silence keeps any ambitious Democrat from seeking the nomination. Right now any Democrat who would dare offer as a candidate would be ostracized by the administration and never be given a chance to develop his candidacy. The President is too wise a politician not to hold onto his powers until he is convinced that the people are going to elect another man to the presidency. Naturally that is good politics, but is a poor method of getting the best material for the coming term.

The big shots of the Republican party are banded in an effort to "Stop Willkie." If you hear that Herbert Hoover and other big shots of the Republican party have agreed to the nomination of Willkie, you may rest assured that these political leaders are convinced that Roosevelt will be re-elected, and that this is a good method of getting rid of Willkie. In other words, they will be agreeable to allow him to be led to a political slaughter as the best way of eliminating him from future control of the party. However, if they figure that the Republicans have a chance to win in November, they will not agree to the nomination of Willkie.

The next great war will be staged in America. We have never felt the armed strength of a foreign foe on our fair land, but this time there will be a real invasion. Men in various branches of armed service are in every part of the world. They are being afflicted with strange diseases, which will be brought back to the home-land. An outbreak of these diseases may be expected when the germs are brought back by these men in service. Medical men of the nation will lead in this battle against strange diseases.

The war has made it necessary for business firms to reduce many services which they have given in the past. The public may be a little inconvenienced by some of these new regulations, but on the whole no one is suffering because of these regulations. It would be a fine thing if these war-time economies could be continued after the war, but we doubt if either business men or the public will be willing to long forego these services.

Pay your poll tax now. This is the biggest political year in the history of the nation. A hard political fight will be staged for the presidency. Even if you are not particularly interested in local politics, you will certainly want to cast a vote in November.

I GIVE YOU TEXAS

by BOYCE HOUSE

Official Austin is about to bestir itself with reference to seeing that Texas citizens serving in the armed forces get to vote.

This interest is a matter of special gratification to your columnist because, away back in the summer of 1942, as a candidate for Lieutenant Governor, I insisted that something should be done to permit our Texas soldiers and sailors to vote. No other candidate for any State office showed the slightest concern on the subject, so far as I read or heard—in fact, about the only Austin reaction was the comment of a newspaperman (a personal friend of mine, too) that "Boyce House tries to make an issue of soldier voting."

Well, it's nice to be vindicated, even if you have to wait 18 months.

The fact that a Texas citizen put on a uniform to fight for his country in time of war should not bar him from voting. The man who is fighting for your rights and mine surely has as much right to vote as you and I do. The man who is offering his blood and his life to preserve our government certainly is entitled to a voice in running that government.

Over in Leonard recently, I met School Supt. W. D. George, a remarkably practical and energetic man. He runs the school system and that would be enough to keep almost anybody busy — but the morning this observer was in Leonard, Supt George had lost some workers so he got up early and built eight fires in the school buildings and then he got behind the steering wheel and drove one of the school busses on its rounds.

And how do you suppose he spent last summer? He went up to one of the big war plants and got a job of hard work—he didn't tell anybody around him that he was a school superintendent either; he just pitched in and did his part of the good, hard, physical labor.

As long as we have men in this country who lay aside dignity when there is a necessary job to do and do it, the future of America is safe. Supt. George is typical of the school teachers of Texas who love their work and are sticking to it because it needs to be done—we must train the next generation of citizens. Thousands of school teachers have turned down the chance for jobs with shorter hours and easier work and more pay, because they want to see to it that the liberties won by the bravery of our soldiers on the battlefield are placed in the keeping of trained hands and cultivated minds, and so will be preserved.

"X" MARKS THE SPOT

A little boy who had been to Sunday school had heard the story of Adam. Returning home, he asked his mother what he was made of, and she replied "Dust."

The little fellow was absent for quite a little while and came to his mother with a handfull of dust he had gathered from under the bed, and said: "I wonder who this guy is?"

Mr. and Mrs. E. A. Michael and family visited in the Emil Albers home Thursday evening.

Emil Rosch of Hoopeston, Ill., spent several days this week in the Henry Miller home.

Supper guests in the Pauline Wendelkin home Tuesday evening were Mr. and Mrs. Henry Miller and Betty Ann, Mr. and Mrs. W. G. Rose and Kelly, and Mr. and Mrs. Clem Dugan and family.

Mrs. Pauline Wendelkin entertained a group of friends with a party last Wednesday afternoon. Present were Mesdames W. G. Rose, Clem Dugan, Doug Marshall, Fred Gerdsen, Ida Rogge and Hardine, Arthur Harding, Walter Boehning, Clark McClendon, G. H. Leseberg and Raymond Tucek.

Miss Hardine Rogge spent several days last week with her mother Mrs. Ida Rogge.

The Lutheran Ladies Aid met with Mrs. Alvina Leseberg on Thursday of this week.

POOR DADDY!

One day Mary came to her mother with a very serious look on her face.

"Mummy," she said, "heaven sends our daily bread, doesn't it?"

"Yes, dear," mother replied.

"And Santa Claus brings my presents?"

"Yes, dear."

"And nurse brings our babies?"

"Yes, dear."

"Then what's daddy here for?" she demanded.

REFORM

Government agent to housewife: "Are you affiliated with any reform organization?"

Housewife: "Yes, I'm married to a man who thinks he should be allowed to make creation over."

PETRIFIED

"Say, you must think you're a pretty hard guy, don't you?"

"I am—I wasn't born, I was quarried.

VICTORY FIRST — BUY WAR BONDS

Come On America...

LET'S PROVE WE CAN DO IT

PRODUCE food to preserve a united America

CONSERVE your equipment with careful care

PLANT foods that America needs most in wartime

REPAIR your farm equipment and make it last

WE KNOW WE CAN . . because we MUST. We must produce as we've never produced before. America's job is an extensive one! She must set the tables of millions and millions of people in many different lands and still keep her own people well nourished. It's going to take brawn and muscle mixed with plenty of grit and determination, but this is nothing new to you as an American Farmer. In the past you have met each new challenge with renewed vigor which is surpassed only by your valiant successes. This is why a world encompassed in the chaos of war turns expectantly to you for help! Your answer to them lies in the 380 million acres you have pledged to plant in 1944 . . . 16 million more than were planted in 1943. This brings a greater burden to you as a farmer who sustains the mainstay of food production problems now . . . it means more than ever you will need the backing of smooth-working and well-maintained farm equipment.

This is where we come to your aid. We have made a career of finding what makes farm machinery run faultlessly. We know what to do at the first sound and sign of trouble. It doesn't take an expert to impress upon you the importance of keeping your machinery in tip-top running order! From experience you know that it saves on farm labor, time and expenses to guard carefully the efficiency of irreplaceable farm equipment. Your alertness to farm machinery repair and maintenance has enabled us to build a business of renown and reliance . . . a business which farmers in this district have learned to depend upon for quick and competent service. Now that you are more dependent upon us than ever, we shall strive harder to give you the top quality service you have become accustomed to at our convenient low terms. We're determined to see you through and to see you prove that you CAN produce enough food to meet the civilian and military needs.

Lumber Shortage Is Announced To The World by the Government

On Christmas day, a telegraphic story went out of the City of Washington concerning the drastic shortage of lumber as compared with war needs. This story, which went to every newspaper in the land using telegraphic news, was undoubtedly directly inspired by the War Production Board, and was broadcast for the purpose of acquainting the man in the street about the seriousness of the lumber situation. Here are excerpts from the story—which was a very long one—showing some of the things the Government wants its citizens outside the lumber industry to know about existing conditions:

Washington, Dec. 25.—Lumber shortages are so serious that the War Production Board soon may be asking some pointed questions about hoarding if anybody runs a sliver in his finger.

Harried WPB executives say timber products constitute our most critical war materials problem. The war program got by this year only by drawing on stockpiles, as 1943 production of 32,000,000,000 board feet fell 4,000,000,000 short of 1943 consumption.

There isn't any reserve to draw on next year, and every 1944 estimate of production vs. minimum requirements has the WPB lumber chiefs sending out for another family-size bottle of aspirin. The production deficit is expected to at least to match this years 4,00,000,000-foot total.

Four billion board feet of lumber would build a girdle 30 feet wide right around the world where this planet is hippiest.

This plank road around the world we didn't turn out this year is matched by the great wooden mountain of pulpwood we aren't going to produce in 1944, either. The official Canadian-American estimate of 1944 pulpwood shortage is 6,500,000 cords.

Man Power Shortage

The villain in this case of the missing timber is the man who wasn't there—absent man power.

Next to man power, lack of adequate motive power is the big headache in the big woods. The superheavy duty trucks and tractors required in logging operations are just what the army ordered for tough field duty. Truck production is practically all marked out for the military. Currently, the logging operators would be tickled to get adequate repair parts, let alone new trucks and tractors.

While production is beset by lack of men and machines, estimates of 1944 minimum requirements have lumber executives lunching on their fingernails.

Crating for boxing for overseas shipment of war goods are swallowing timber faster than termites. Crating required 5,300,000,000 board feet of lumber in 1941, 14,100,000,000 board feet in 1943, or 7/16 of all lumber produced in the United States.

Construction of military cantonments in this country is virtually complete, but WPB wood experts warn that millions of men are going overseas in '44, and that means base camps, base hospitals and other construction abroad, all of which require lumber.

Boxing and crating lumber needs certainly will increase as more Yanks get across, needing more things shipped to them.

Military truck bodies take great quantities of hardwood, and 1944 will be the biggest production year for military trucks.

The business of major surgery on allowances of wood products for civilian use is under way.

Southern Pine Allocated

So far, Southern yellow pine has been placed under allocation, along with a number of hardwood species that go into truck bodies and naval craft. Port Orford cedar, used in storage battery separators, is rigidly controlled.

WPB has announced a 16 per cent reduction for 1944 in the board footage of lumber which furniture manufacturers can use, together with a prohibition of non-essential furniture.

The order limits manufacturers to a three-months inventory supply of plywood, veneer and dressed lumber, and a six-month supply of rough lumber.

The final furniture restriction limits December use of seven critical hardwoods—ash, beech, yellow birch, hickory, hard maple, oak and rock elm—to 30 per cent of the amount used in the third quarter of 1943.

These new regulations are only the beginning, WPB lumber chiefs say. Increasing restrictions on the use of all paper, strict regulations calling for paper salvage, and other measures designed to limit use of wood are in immediate prospects.

Don't be surprised if WPB officially reminds mother never to let baby play with matches—they aren't so concerned about the baby, but that's wood he's playing with, madam!

No Commercial Failures In Texas During Six Months

For the sixth consecutive month, Texas had not a single commercial failure during November.

In November, 1942, three failures occurred, involving liabilities totaling $13,000.

Meanwhile, 57 new corporations were issued charters to operate in Texas, compared to 52 in October and 28 in November a year ago.

The new concerns chartered last month represent $696,000 in capitalization, and included six manufacturing companies, 16 in the merchandising field, three oil companies, one public service organization, nine real estate-building concerns, one transportation agency, and 21 miscellaneous companies.

Only two of the corporations authorized in November were capitalized at more than $100,000.

In addition, 15 foreign corporations received permits to operate in Texas.

More Electric Power Being Used By People of Texas

Electric power consumption in Texas gained 6.8 per cent during November, over October, according to the University of Texas Bureau of Business Research.

Commercial, industrial and residential types of consumption declined slightly—0.3, 3.7 and 1.1 per cent respectively—but "all others" showed a gain of 28.4 per cent.

In comparison with November of last year, however, commercial utilization of power was up 23.8 per cent, industrial 45.5 per cent, residential 21.6 per cent and "all others" 27.6 per cent, to give a total gain of 54.8 per cent.

RELATIVE MATTER

A woman purchasing war bonds told the clerk:

"I've been saving this money to divorce my husband, but I can stand him better than I can Hitler."

Local Breeder Buys Registered Jersey

A registered Jersey cow has been purchased by Jack Conatser of Canyon from Kenneth Smith. The name of the animal is Fern Harland Belle 1365704.

The whereabouts of all registered Jerseys is known and carefully watched over by The American Jersey Cattle Club, with offices in New York City. This important job is made possible through registrations and transfers made by Jersey Breeders everywhere. Tattoo identification, somewhat similar to finger-printing, keeps individuals of this dairy breed always known.

Jerseys make up 42% of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in National Defense is an important one. Increased production of Jersey milk guarantees the protective food needs of here and abroad.

In cooperation with U. S. Geological Survey specialists, the University of Texas Bureau of Economic Geology is making intensive studies of the Ellenburger group of formations in Texas, with a view to aiding exploration for deep oil to run the nation's war machine.

DRASTIC TREATMENT

(Scratching): "How do you get rid of these awful cooties?"

"That's easy. Take a bath in sand and rub down in alcohol. The cooties get drunk and kill each other throwing rocks."

Safety for Flyers

With Glory Wuchter as a background, you get a look at the new explode-proof oxygen tank for high-altitude flying. They used to blow up when hit by a bullet, but with a new weld at the seams, they just rip, as illustrated by the tank at left. And thus our flyers are safer.

Dairy Products In Texas Below Those of November, 1942

The Texas Dairy industry "pulled in its horns" during November, reducing the output of all types of products below November, 1942, figures, according to statistics compiled by the University of Texas Bureau of Business Research.

Output of American cheese was down 17.9 per cent, that of ice cream down 10.6 per cent, and creamery butter manufactured down 11.1 per cent.

All three types of products turned out also fell below October's output—cheese production being down 16.3 per cent, ice cream 14.6 per cent, and creamery butter 6.6 per cent.

Utilization of milk for the manufacture of these products totaled 73,290,000 pounds during November.

. . . but what has this automobile to do with your ELECTRIC SERVICE?

FRANKLY, it has nothing to do with your electric service. We use it here to illustrate a point.

Automobiles were "rich man's toys" not so many years ago. They cost a lot of money and they cost a lot to run. They were gas-eaters and oil-eaters. The hills they could climb in high were few and far between. If you got them up to fifty miles an hour, the noise and vibration were terrific.

Today millions of American families have beautiful, powerful cars that outsmart, outshine and outperform the best models of the Twenties in every way, yet cost less than half as much.

This progress has not been confined to the automobile. Time was when electric service provided only your light. Today you can use more lights, a radio, refrigerator, vacuum cleaner, washing machine and many other appliances, and the electricity to operate all of these costs very little more than you used to pay for light alone.

Like the automobile, your electric service improves steadily year after year. At the same time, its price comes down. This is possible because of the constant effort of the people of your electric company to improve service and reduce rates. It's an effort that goes on and on. In the last 10 to 25 years, the engineering improvements and operating economies of your electric company have made it possible to cut the average price of household electricity just about in half. Because of it, your electric service will be better and cheaper in the future than it is today. The credit belongs to a group of people who are never content to rest on their laurels, who strive to do their job just a little better today than they did it yesterday. They're the people of your electric company.

You give the enemy a swat each time you save a kilowatt

VOWS SAID BY COUPLE FRIDAY

In a beautiful ceremony performed at 1:30 o'clock Friday afternoon, Miss Margaret Tate, daughter of Mr. and Mrs. P. R. Tate of Fritch became the bride of Lewis Tucek, son of Mrs. Lena Tucek of Canyon.

Rev. Grover Stephens of Fritch officiated in the home of the bride's parents.

Nuptials were exchanged as the bridal party stood before the fireplace which was banked with white and pink carnations and fern. Tall candelabra held burning tapers.

The bride wore a light blue dress with black accessories and a white gardenia corsage. She wore a strand of pearls that belonged to her mother.

The maid of honor, Miss Dora Tucek, wore green velvet with black patent accessories and a red carnation corsage.

The bridegroom was attended by Leonard Bauer of Happy.

An informal reception was held at the home where wedding cake and punch was served. Miss Avis Campfield of Canyon cut the cake after the bridegroom and bride cut the first piece. Mrs. Burch Campbell of Canyon, sister of the bride, poured punch.

The bride was graduated from Canyon High School and West Texas State College of Canyon and before her marriage taught school at the Adrian High School at Adrian.

Mr. Tucek attended the Canyon public schools and is at present associated with his mother in farming where they are at home.

MRS. TERRILL HOSTESS 1930 BRIDGE CLUB

Mrs. R. A. Terrill was hostess to the 1930 Bridge Club at her home Friday afternoon.

A salad course was served to Mrs. A. K. Knott, Mrs. Harris M. Cook, Mrs. Grayson Bell, Miss Edna Graham, guests; Mrs. C. R. Burrow, Mrs. W. R. Clark, Mrs. J. L. Duflot, Mrs. J. S. Humphreys, Mrs. C. H. Jarrett, Mrs. R. P. Jarrett, Mrs. F. E. Savage, Mrs. D. A. Shirley, members.

MRS. STUART H. CONDRON, JR., before her marriage in Amarillo on Christmas Eve, was Miss Bobbye LaFon, daughter of Mr. and Mrs. J. R. LaFon of Canyon. The bridegroom is the son of Mr. and Mrs. S. H. Condron of Canyon.

DOROTHY SIMMONS AND WALLACE FAIRES WED

In a beautiful double ring ceremony solemnized at 8 o'clock the evening of December 31, Miss Dorothy Wren Simmons, daughter of Mr. and Mrs. Vernon Simmons of Dimmitt, became the bride of Air Cadet Wallace Faires, son of Mrs. Mary Faires of Edna, Texas.

Vows were exchanged before the altar of the First Baptist Church, with Rev. Claude W. White officiating. Mrs. Ed Phillips, pianist, played Wagner's "Bridal Chorus" from "Lohengrin" as the couple marched down the aisle. During the ceremony, Mrs. Phillips softly played "I Love You Truly" and Mendelssohn's "Wedding March" as the wedding party left the church.

Miss Mary Jo Tatum of Plainview served as maid of honor, while the groom's attendant was Air Cadet Robert W. Renegar, of the 350th Training Detachment located in Canyon. Sgt. and Mrs. James E. Floyd attended the couple.

The bride wore a blue wool suit trimmed in fur with an orchid corsage, and was given in marriage by her father. Mrs. Simmons wore a black wool suit and a corsage of red roses.

Mrs. Fairies attended West Texas State College last year, and is employed at the Buffalo Tailor Shop. Air Cadet Fairies is a member of the 350th CTD. After a three-day wedding trip the couple will be at home in Canyon.

Guests of Mrs. Will Myers for Christmas were Mr. and Mrs. J. D. Price and Mrs. Johnnie Price of Plainview; Mr. and Mrs. W. C. Myers and children of Lubbock; Mr. and Mrs. R. E. Chambers and daughter and Mr. and Mrs. Bob Combe and children of Amarillo; and Mr. and Mrs. R. M. Gibbs of Canyon.

Mrs. Meredith Warren returned Sunday night from Dalhart after spending the holidays with her parents.

Mr. and Mrs. A. B. Duncan visited in Floydada Sunday.

Mr. and Mrs. Alvin McDonald are ill with the flu this week.

Whittington Was Speaker Tuesday at Rotary Lunch

Alfred Bellah was in charge of the Rotary Club program Tuesday. He called upon George Cox, past president, to present the speaker of the day, Raymond Whittington, minister of the Church of Christ.

There will be no luncheon of the club next Tuesday. A box supper will be held Friday night, Jan. 14, at 7:30 o'clock at the Methodist Church. Members of the club will bring boxes and Rotary Anns will buy the boxes at auction. A variety program will be given.

Mr. Whittington suggested that in spirit of the New Year all of us look around and see what we have accomplished, and whether it has been worth while. The speaker referred to a passage in the Bible, "whither have you made a road today." He asked where are we building our roads; what progress are we making; whither are we going? Some of the roads we are building lead to nothing good. During 1943 many of our roads were like spider webs—a confused mass, with dead ends. Those who leave God out of their planning go no where.

In business, strikes, strife, and greed would be eliminated if God were taken into consideration. Every business has a place for the Bible. Where the Bible has not gone you will find a backward country with primitive living conditions. The Bible teaches that we shall not be slothful in business. It brings the Golden Rule, faith, hope and love.

Visitors were: O. K. Lewis, L. A. Vahue, C. T. Crow, all of Amarillo; Ben King of Canyon.

Red Cross Gives Home Nursing Aids Care of Influenza

Important factors in care and control: Skillful nursing care for the recovery of the sick person and the prevention of spread of the disease to others in the family, and in the community, are the first objectives.

1. Combination of symptoms likely to occur: a. Sudden onset; b. Fever with chilly sensations; c. Severe aching—head, back and extremities; d. Symptoms of "common cold" (watery eyes, runny nose, sore throat); e. Cough; f. Severe prostration.

2. Important things for the home nurse to do: a. Set apart the first case at home, insofar as possible, to reduce the possibility of a house epidemic; b. Keep the patient in bed as long as fever persists, this benefits the patient and aids in the control of the disease by keeping the patient out of circulation; c. Record pulse, temperature, and respiration every three hours and note any special character of pulse or respiration; d. Avoid chilling, keep warm; e. Give ample fluids; f. Dispose of nose and throat discharges by burning or boiling. Remember, the discharge from the mouth and nose of the patient will carry the infection to others; g. Avoid the cough and sneeze of the patient. Instruct the patient to cover mouth and nose when coughing or sneezing. The mode of transmission is believed to be by direct contact with droplets of articles freshly soiled with nose and throat discharges of the patient; h. Wash your hands after you have given care to the patient.

3. Danger signals: a. Fever beyond three days; b. Cough with foul-smelling spitum; c. Earache; d. Persistent drowsiness; e. Persistent nosebleed.

4. Possible complications: a. Middle ear infection; b. Acute sinusitis; c. Bronchitis; d. Pneumonia; e. Lung abscess.

Local health department regulations should be thoroughly understood and strictly followed. Influenza spreads very rapidly. Avoid crowds.

A physician should be consulted either by telephone or visitation.

METHODIST CHURCH

Dr. Will C. House, district superintendent of the Amarillo District, will preach Sunday morning at 11 o'clock at the Methodist Church.

Rev. C. C. Armstrong, the pastor, is recovering in a satisfactory way but will not be able to resume his pulpit because of a broken arm.

Mrs. W. M. Miller and Marion spent the Christmas holidays with Mr. and Mrs. Marvin Miller and children at Lubbock.

R. S. Davis reported for duty at Ft. Sill Tuesday. He and his wife have been visiting in the parental W. T. Oliver home.

Why VICKS VAPORUB Is So Good
For Relieving Miseries of
Childrens Colds

More than two generations ago—in grandmother's day—mothers first discovered Vicks VapoRub. Today it is the most widely used home-remedy for relieving miseries of children's colds. And here is the reason . . .

The moment you rub VapoRub on the throat, chest and back at bedtime it starts to work two ways at once—and keeps on working for hours—to ease coughing spasms, help clear congestion in cold-clogged upper breathing passages, relieve muscular soreness or tightness. It promotes restful sleep. Often most of the misery of the cold is gone by morning! That's why VapoRub is so good to use when colds strike. Try it!

A Few ??'s To Ask The Printing Peddler

When The Peddler Selling Stationery and Printing Supplies Solicits Your Business There Are a Few Questions Which He Should Be Willing to Answer to Your Satisfaction.

Among Them Being:

? *Does he pay taxes in this community?*
? *Does he donate space in his newspaper to your local community enterprises?*
? *Does he pay wages to a force of employees located in this City, County, or State?*
? *Does his paper devote its entire space toward the betterment and upbuilding of this community?*
? *Does he grant you every favor that you would ordinarily ask of a local newspaper?*
? *Does the quality of his merchandise stand inspection—is it on qualitay paper stock and the printed matter attractively arranged?*
? *Will he submit proof of your work before finishing and mailing it to you C. O. D.?*
? *Does his price include postage and insurance charges?*
? *Can he supply your order on short notice?*

If he can answer all the questions in the affirmative, he is entitled to your business.

IF NOT CONSULT

War Price and Ration Board Is In Anniversary

Immediately after Pearl Harbor the War Production Board asked the Price Administration to set up a national system of rationing tires.

The Governor of each state pledged his cooperation and on January 5, 1942, approximately 7,500 local boards, manned by 20,000 volunteers opened their doors to receive applications and issue certificates for tires.

At the outset the local boards were called Tire Rationing Boards and each had but three members.

W. J. Wooten, R. B. Gist, and D. F. Sanders were selected for Randall county.

Later followed rationing of automobiles, typewriters, sugar, bicycles, coffee, rubber footwear, shoes, heating stoves, gasoline, processed foods, meats, etc.; the general maximum price regulation; the issuing of millions of war ration books, Nos. 1, 2, 3 and 4, presented a tremendous task for the boards and clerks. In order to take care of this huge amount of work the rationing and price programs demand, the boards had to greatly enlarge their personnel.

The Tire Rationing Board was then called War Price and Rationing Board. All board members are unpaid volunteer workers.

The present board members for Randall county are: D. F. Sanders, Chairman; R. B. Gist, T. A. Black, I. S. Doak. Gasoline Panel: J. P. Hix, chairman; J. W. Shook, Ross Craig.

D. F. Sanders, chairman, believes he expresses the sentiments of each board member and clerk, in stating that since the inception of rationing, allotments and price control, the board has tried to do its duty to the local citizens and to the government, as it is given the intelligence to see that right. The board has consistently borne in mind the fact that we are at war and are at a critical stage of American history and decisions. It has allowed this fact to guide its efforts and accomplishments. Its decisions have not always met with approval of those it is called upon to deal with; however, it realizes it is striving for the best interest of all the people as a whole—and not of a minority few.

Duflot Talks on Inflation at the Lions Luncheon

Inflation in the amount of $18 billion was the subject of an address by Prof. Joe Duflot at the Lions luncheon Tuesday. Prof. Duflot raised many pertinent questions and drew some definite conclusions during the course of his talk.

According to statistics quoted by Mr. Duflot, the estimated net income of the nation during the past fiscal year was $150 billion. Of this amount $20 billion was used for taxes, $17 billion went for the purchase of war bonds, miscellaneous items accounted $5 billion. Of the remainder $18 billion remains with no purchasing outlet. This $18 billion is the amount of inflationary money.

Mr. Duflot stated that great numbers of pressure groups are swarming in Washington, trying to obtain this $18 billion for themselves. The fight is between the producer and the consumer groups. Eighty per cent of the population falls into the consumer group and 20 per cent into the producer group. The function of government is to keep these groups from destroying each other.

Mr. Duflot said that while national income has increased more than twice as much during this war as it did during World War I, the general rise in prices has been only one-half as much. He attributes this fact to the work of the War Labor Board and the Office of Price Administration.

Nineteen million purchasing units, individuals and heads of families, have had no increase in income. Based on a fixed income of $1000, these people are now able to purchase only $765 worth of produce. This creates the same situation as a decrease in salary for this group, according to Mr. Duflot.

In Mr. Duflot's opinion the capitalistic system must be continued in the United States. It must be continued under a new formula. The old formula of capitalism called for restricted production, high prices, high profits to the producers, and low wages to the consumers. The new 20th century formula calls for unrestricted production, low prices, low profit to the producer, and high wages to the consumer.

The program was under the direction of James Butler.

Mr. and Mrs. S. B. Loudder returned Monday from San Antonio where they met Dick Loudder who is in training at Corpus Christi.

Mrs. Martha Oliver left Tuesday for Denton after spending the holidays with her parents, Mr. and Mrs. W. T. Oliver.

Mrs. J. T. Mitchell of Claude spent the week-end in the Guy Tabor home.

Miss Dorothy Jean Jennings spent the holidays with Mr. and Mrs. Jim Rose of Los Angeles, Calif.

Mrs. Lily K. Wofford left Wednesday for Silverton and Lubbock on a short business trip.

Mrs. George A. Farlow was brought home Thursday after three weeks in the hospital.

GRIN-O-GRAM

Four marines were playing bridge in a hut on Wake Island. Suddenly another leatherneck burst into the room and shouted: "The Japs are landing a force of about 200 men on the beach!"

The four bridge playing marines looked at one another. Finally one said: "I'll go. I'm dummy this hand.

Texas department and apparel stores 3.2 per cent more goods on a dollar basis during November than in October.

Postal receipts in 45 major Texas cities during November increased 19 per cent over those of November a year ago.

'Iron Lung' Baby

He's the baby Mrs. Carolyn Davis Wilson, iron lung "prisoner" since October when she fell ill of infantile paralysis, gave birth to in 15 minutes outside the apparatus in a Portland, Ore., hospital. Both doing nicely, thank you.

'Gremlins' on Our Side

Apparently it takes all kinds of people to build a ship, for at the Charleston, S. C., Navy yard you see E. S. David, Jr., left, 28 years old, 4 feet 2, 65 pounds, and at right his brother E. H. David, also 4-2, and weighing 55 pounds. Between them stands shipfitter foreman C. H. Townsend at 6-3. (U. S. Navy photo.)

How Castaways Fish for Food

OFFICIAL U. S. NAVY PHOTOGRAPH

No longer do castaways on a life raft need to fear starvation and thirst. A simple, compact, complete, and fool-proof emergency fishing kit is now standard equipment on all lifeboats, rafts, and planes of the Navy, Army, and Merchant Marine. Hooks, lines, lures, spear, bait, and a net provide the means to catch food. The fish shown has been snagged in the back by treble-gang hooks from the kit.

RURAL PRESS SECTION—OWI.

OUR DEMOCRACY——by Mat

MARCH TOWARD SECURITY.

IN MEDIEVAL TIMES MEN SOUGHT SECURITY BY BANDING THEMSELVES TOGETHER IN GUILDS WHICH LIMITED THE NUMBER OF WORKERS AND RESTRICTED THEIR ACTIVITIES AND BY PASSING THE HAT FOR THE RELIEF OF WIDOWS OR ORPHANS OF MEMBERS. THEY SACRIFICED FREEDOM AND HAD QUESTIONABLE SECURITY.

IN OUR DEMOCRACY MEN ARE FREE TO CHOOSE THEIR WORK AND CAN MAKE DEFINITE AND DEPENDABLE PROVISION FOR THEIR FAMILIES—BY PUTTING PART OF WHAT THEY EARN TODAY INTO SUCH SOLID SECURITY AS IS FOUND IN WAR BONDS, LIFE INSURANCE AND SAVINGS ACCOUNTS.

EYE OPENERS

Corset: Something to keep waves out of WACS.

Apparent: That which has one or more children.

Canibal: One who loves his fellow man.

Experience is a wonderful teacher, but she doesn't always explain things.

CONCEIT

Woman (in subway): "I wish that good-looking young man would get up and give me his seat."

Six men got up.

What you hear never sounds as important as what you overhear.

Buy Another Bond Today.

Road to Rome

Here is traced the Liri-Sacco river valley, probable path to Rome of Lieut.-Gen. Mark W. Clark's American 5th Army. Heavily shaded area is occupied by the Allies, while actual fighting reaches farther northwest.

New Certificates Are Not Needed By Many Vehicles

Because of the large number of inquiries from operators of motor vehicles relative to the issuance of Certificates of War Necessity for 1944, R. B. Gist, chairman of the County USDA War Board, has made the following announcement:

"Since some misunderstanding has arisen among operators who have not received new certificates, we offer this explanation for your information: The office of Defense Transportation found it necessary to reissue only about 20% of the total number of outstanding certificates. The majority of reissuances were made necessary because the operators who began operations after the first quarter of 1943, were not certified for fuel in the previous quarter. Since these certificates did not have allotments certified for the first quarter of the year, it was necessary to reissue them to allow for the period beginning Jan. 1, 1944. There were other minor cases in which we found it necessary to reissue certificates.

Certificates of War Necessity, Mr. Gist explained, remain in effect until cancelled, recalled, suspended or revoked, and operators whose certificates have not been reissued will continue to use their present certificates until further notice.

Each producer who holds a certificate of War Necessity should apply to his local War Price and Rationing Board for the gasoline coupons for the first quarter of 1944.

EPISCOPAL CHURCH

Sunday morning, January 9, Bishop E. C. Seaman will conduct Service of Holy Communion in All Saint's Episcopal Church, Fourth Avenue and 17th Street, Canyon, at 11 o'clock. The Bishop's first sermon of the new year will be on the theme "The Acceptable Year of the Lord."

A cordial invitation is extended to college, military, and civilian worshipers.

EDNA GRAHAM SPOKE AT A. A. U. W. MEETING

Members of the Canyon branch of the American Association of University Women, meeting in regular session Monday evening, enjoyed a discussion of the life of Stalin by Miss Edna Graham. Miss Graham based her remarks on the book "Stalin" by Boris Souvarine. The meeting was held at the home of Miss Jean Moore.

Miss Ruth Lowes will be hostess at the February meeting.

Robert Davis has undergone an operation in an Amarillo hospital.

Fairview Breezes

This vicinity has been blanketed with snow for the past week.

Mrs. G. E. Wesley had the misfortune of falling and bruising her back and hips and has been under the care of a doctor since, but no bones were broken.

Mrs. J. W. Wesley spent the past week in Lubbock at the home of her daughter, Mrs. D. L. Whitson, and family.

Florence Evans spent the past week in the J. W. Wesley home.

S. A. Evans took his daughters, Florene, Marie and Loveta to Happy and procured room and board for the benefit of the school, as busses won't be able to travel for several days.

This vicinity was saddened by the death of a long time friend and neighbor, Mrs. Lizzie Schaeffer. She had resided in this vicinity for 31 years. Our sympathies go with the bereaved.

Tom Rogers was a business caller in Canyon Friday.

Mr. and Mrs. Lester Bryan were host and hostess for a New Year's supper with a large crowd enjoying the celebration. Everyone reports a nice time.

The Centerview Club will meet Friday, Jan. 7, with Mrs. J. W. Wesley. Miss Wilroy is suposed to be present.

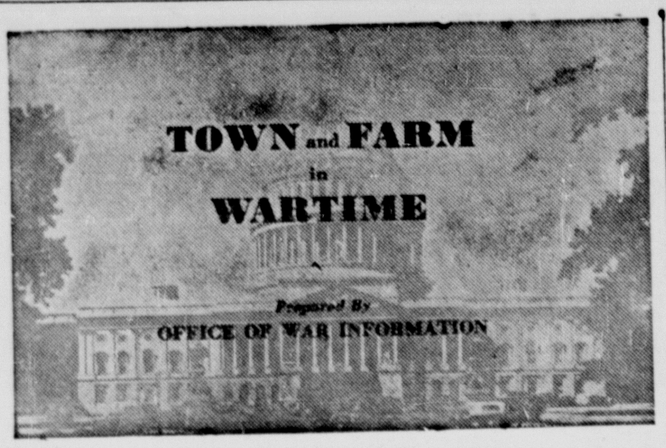
Haste Makes Waste ---- In Points, Too!

HAVE you ever bought desperately, hurriedly, grabbing at the nearest can with the point number that fits your remaining number of points? Taken anything at the last minute—just so you wouldn't waste your precious allotment of stamps?

Watch the stamp expiration dates, and avoid the last minute dash by spending your coupons as you go along—not hoarding, not wasting, but buying when you can get the foods you need and can use. It will help you to make the best use of your share of wartime foods!

Budget Your Points—and Avoid Last-Minute Spending; Get Full Value, Biggest Selection!

Bellah's Food Store



RATION REMINDER

Meants, Fats: Brown stamps R and S are good through January 29. Brown stamp T becomes good January 9.

Processed Foods: Green stamps D, E, and F in book four are good through January 20.

SUGAR RATION REMAINS SAME

Sugar rations for home use will remain the same for another two and one-half months, according to the Office of Price Administration. Sugar stamp number 30 in war ration book four becomes valid on January 16, and will be good for buying five pounds of sugar through the end of March. Sugar stamp 29, now in use, is good through January 15.

PLENTY OF ANTI-FREEZE

The nation's motorists are being oversold on anti-freeze and told of shortages that do not exist, according to War Production Board. Production of alcohol anti-freeze for this winter is 50 per cent more than last, WPB said, and asked motorists to watch their own needs and not overload. Alcohol from which anti-freeze is made is a critical war material.

ITEMS NO LONGER RATIONED

Pressure cookers and feed grinders and crushers have been removed from rationing. Because the supply of pressure cookers will not meet all uses, the approval of the War Food Administration is necessary for purchases of pressure cookers for other than food preservation uses. Application should be made to the director, Office of Materials, War Food Administration, Washington, D. C.

RESTRICT USE OF FREEZER SPACE

To relieve the growing demand for cold storage "freezer" space, War Food Administration has excluded from such space (including rendered pork fat), cured meats, tallow, oleo oil, rendered suet, bones, lungs, udders, and horse meat. Commodities that remain in freezer space for only a single period of 10 days are stomachs, pork skins, hearts, heads, ears, tripe, fries, melts, plucks, chitterlings, snouts, hocks, pork tails, pigs feet, veal tails, ox tails, kidneys, and knuckles.

TIRE, TUBE SUPPLY STILL LOW

Tire and tube quotas for January reflect the continuing shortage. The quota of 276,629 new truck tires is 13,890 less than the December figure. Similarly, a lessennig in demand which usually occurs during the colder months accounts for lower January quotas for farm tractor and farm implement tires and tubes. The tire quota is 27,600—lower by 4,600 than the December figure, while the January tube quota is 23,000—lower by 9,200.

CHEDDAR CHEESE FOR CIVILIANS

Civilians will continue to receive about 30 million pounds a month of Cheddar cheese although manufacturers are required to set aside 30 per cent of their output, during January and February to meet war requirements. In addition to Cheddar cheese, civilians receive almost all of the other types of cheese produced, bringing their total supply to about 45 million pounds a month.

RELEASE PEACHES TO CIVILIANS

Approximately 750,000 cases of canned peaches, previously set aside for government purchase, have been released for civilian supplies and will reach some retail markets within a few weeks.

BEAN, PEA ALLOCATIONS FOR 1944

Civilians will receive 11,500,000 bags (100 pounds each) or half of the supply of dry beans allocated for all needs in 1944. Twenty-nine per cent of the 1944 supply of dry peas—two million bags—also will go to civilians. This means civilians will have available an average of about 8.9 pounds of beans and 1.6 pounds of peas during the coming year. This is slightly larger than the per capita consumption of dry beans in the 1942-43 crop year and is a much larger consumption of dry peas than for any previous calendar year.

TO GET MORE CHILDREN'S WEAR

To insure sufficient production of infants' and children's wear, the industry has been included by the War Manpower Commission in its list of essential activities. Also, WPB has ordered approximately 18 million yards of cotton fabrics set aside for the manufacture of certain specified items of infants' and children's clothing. Worsted and cotton yarn will be allocated for manufacture of knitted outerwear and infants' ribbed long hose, half socks, and anklets. Such goods will not arrive on retail counters until February and March.

PRICES UP ON GRAPE PRODUCTS

Because of increased 1943 fruit costs, the retail price of Concord grape juice will increase approximately three cents a quart and of grape jams and preserves from two to three cents a pound jar under a new pricing formula set up by OPA for processors.

NEW RULING ON ALIENS

An enemy alien who is a German, Hungarian, Rumanian, or Bulgarian citizen or national may be inducted into the armed forces of the United States and assigned to a war theater in which he will not normally be required to fight against fellow nationals or blood relatives, under a recent revision of selective service and War Department policies. The change in regulations may cause some enemy aliens to withdraw their objections to all military service. Such cases will be reconsidered. Because of the recognition of Italy as a co-belligerent, local selective service boards have been directed to reconsider the classifications of Italian registrants previously not acceptable because they were enemy aliens. Neutral aliens may file a selective service form 301 and request relief from service in the armed forces of the U. S. However, if a neutral alien becomes a co-belligerent, the previously filed form becomes ineffective.

RATION TOKENS FOR RETAILERS

Retailers selling rationed foods should file their applications for ration tokens by Saturday, January 8, to be sure of having a supply when the token plan starts February 27, OPA says. The application form is being distributed to retailers by trade associations and also is available at local rationing boards.

CHANGES IN STOVE RATIONING

Eligibility requirements for rationed stoves have been widened. A consumer who has a heating or cooking stove that cannot be used satisfactorily is now eligible for a stove-rationing certificate. Ration certificates also may be issued for stoves to heat premises where essential community activities, such as volunteer Red Cross work, are carried on. A ration certificate now may be issued to a landlord who wishes to buy a stove for the use of an eligible tenant.

TWO MILLION FLATIRONS COMING

A program to make two million flatirons for civilian use in 1944 has been approved by WPB. This amount will not come up to normal production but it will ease the hardships caused by two years of almost no production. It will probably be six months before many of these irons will reach dealers' shelves.

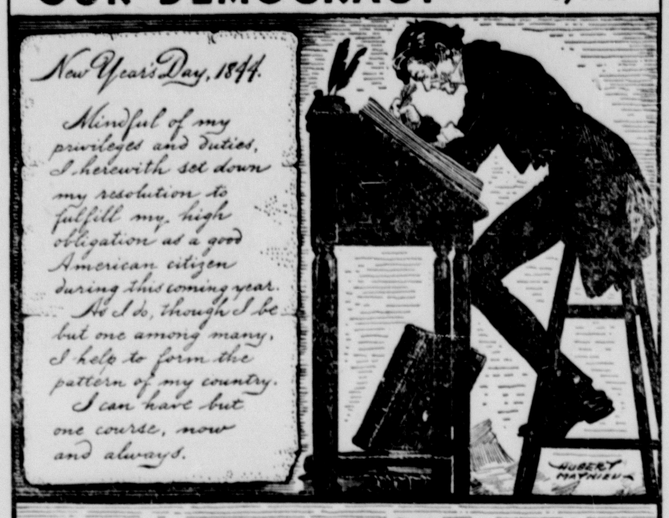
RUBBER HEEL PRICES SET

Retail ceiling prices of 10 cents and 15 cents a pair on rubber heels sold to consumers who desire to attach them to shoes in their own homes have been established by OPA.

GAS RATION FOR SERVICEMEN

To aid servicemen in recuperating from illness or wounds received while on active duty, OPA has announced that they may be issued special gasoline rations for use in traveling to and from their homes or other places of convalescence. This special ration will be issued upon presentation of leave papers to a local rationing board and a letter from the attending medical officer certifying that transportation by automobile, rather than by any other means, will materially assist in the recovery of the serviceman's health.

OUR • DEMOCRACY — by Mat



New Year's Day, 1944.
Mindful of my privileges and duties, I herewith set down my resolution to fulfill my high obligation as a good American citizen during this coming year.
As I do, though I be but one among many, I help to form the pattern of my country.
I can have but one course, now and always.
HUBERT MATHIEU

New Year's-1944= My time for an Accounting

Annual Income	$?
Annual Expenditure ("life as usual" plus unnecessary spending)	The Same
Result	Worry and Want.

Annual Income	$?
Annual Expenditure	Only enough for careful family living
Money to put into War Bonds, life insurance, savings accounts	To balance the account
Result	Happiness and Security.

Draft-Age Farmers Released for Temporary War Jobs!

State Headquarters for Selective Service permits draft-age farmers in this area to accept war jobs during slack seasons without affecting their deferment classifications.

Because men are urgently needed in vital war industries in this area, farmers and farm laborers may accept temporary jobs in essential industries under the following conditions as cited in a Headquarters memorandum of Dec. 6th to all local boards, WMC Area No. 6:

(A) They remain in their seasonal occupations for a period of not less than 8 months of the year;

(B) They become engaged during the off-season for farming operations in some occupation in war production or in support of the war effort; and

(C) Upon the reopening of the season in which they may pursue their normal seasonal occupation they return to the seasonal occupations that constituted the basis for their original deferment and resume their status as necessary men therein.

PANTEX NEEDS YOU NOW!

TO HELP LOAD BOMBS AND SHELLS

Here is your opportunity to earn extra money during your off-season and at the same time get in an extra blow at Hitler and Tojo.

You need no experience to work at Pantex. Wages begin at 75 cents an hour. Living quarters for men in barracks at the plant. Meals available in cafaterias at the plant. Frequent bus transportation available between the plant and Amarillo.

For complete details regarding your draft deferment and work at Pantex see your local Selective Service Board. For employment at Pantex apply immediately at the plant or at one of the following offices of the United States Employment Service: LUBBOCK, PLAINVIEW, CHILDRESS, AMARILLO, PAMPA, BORGER.

Mr. and Mrs. John Broaddus and boys and Sidney Sharp had dinner at the Kenneth Broaddus home Sunday.

Mrs. Carl Fuqua visited Mrs. John Cage Friday afternoon.

Mr. Mitchell was brought home from the hospital last Wednesday.

Nancy Ann Gouldy returned to school at Lubbock this week after spending the holidays with her mother at Wildorado. Mrs. Gouldy is still at Northwest Texas hospital.

Mrs. Cribbs returned home Friday after spending the preceding two weeks with her mother who is ill.

Mr. and Mrs. Orval Gay and children from East Texas spent the Christmas holidays with Mr. and Mrs. James Walton.

Mr. and Mrs. Carl Fuqua visited at the E. C. Paxton home Friday evening.

SPOT CASH

The tramp entered the doctor's office. There was a worried look on his face.

"Doctor," he said, "you've got to help me. I swallowed a quarter twenty-five years ago."

"Good heavens, man!" ejaculated the doctor. "Why have you waited all these years? Why didn't you go to a doctor the day you swallowed it?"

"To tell the truth," replied the tramp. "I didn't need the money at that time."

DARN IT!

Grandma says that in her girlhood days, the girls never thought of doing the things they do today, and then, she added wistfully, "That's why we didn't do them."

PERSONAL SATISFACTION

JARRETT DRUG STORE

Greet the Day With a Well-Balanced Breakfast
(See Recipes Below)

Good Morning!

What's your breakfast? A squirt of orange juice and a sip of coffee or fruit, cereal, eggs, toast and coffee? No need to tell you which one you can start a man-sized day's work on, is there? A breakfast should supply almost a third of the day's calories and food value.

A slight breakfast will prevent you from waking up fully—and thus starting to realize your full quota of production whether you're on the home or factory front. But, treat the first meal of the day with the same respect you do the other two, and you find yourself refreshed and more than ready to do your job—and do it well.

If you're still in doubt about the value of a good breakfast, look at breakfasts fed servicemen. Do you think they could get up and do their work if it weren't for fruit, cereals, eggs, toast or hotbread and beverage for their first fare of the day? No, ma'am.

Breakfast affords a grand chance for you to get your vitamin B1—that important morale vitamin which prevents nervousness and restlessness. You need this vitamin every day—and its best sources are whole grain cereal and bread—and yeast.

On warmer days, serve oatmeal or whole wheat cereal, on cooler days, use the enriched, ready-to-eat cereals which are unrationed. When the berries and fruits start coming in, use a few of them with the cereals for a delightful breakfast dish.

Breakfast is a good way to take care of the citrus fruit requirement of the day, too. A half grapefruit, a large orange or a large glass of orange juice will fulfill the vitamin C quota of the day. Remember, however, that vitamin C is easily destroyed by air, and that means you should not squeeze or cut up oranges until just before serving.

***Old-Fashioned Popovers.**

3 eggs
1½ cups milk
1½ cups enriched flour
½ teaspoon salt

Sift flour and salt into a bowl. Beat eggs and add milk to them and stir gradually into the flour to make a smooth batter, then beat thoroughly with egg beater; put in hot greased muffin tins two-thirds full of mixture. Bake in a hot oven (450 degrees) half hour, then in moderate (350-degree) oven 15 minutes until brown. Note: No leavening agent is used in popovers, and their rising action is dependent upon thorough beating.

Lynn Says:

Make Rationing Work: Keep food essentials in mind when planning your menus, and use point-rationed food to best advantage. When you spend any of your coupons for rationed food, make sure you are not buying anything that you could buy fresh.

In buying meats buy those of which you get the most for your points. Extend whatever cuts of meat you can with cereals, stuffings, food extenders and vegetables to make them go further.

Start today to save sugar and put it in a bank so that you will have enough for the canning you are going to do this summer. Do not use sugar anywhere that you possibly can avoid it. Start planning your victory garden, so that you will be ready to put up as much of your share in fruits and vegetables.

Buy quality foods to get the most value of your points. This applies to canned and processed foods, meat, cheese and butter.

Lynn Chambers' Point-Saving Breakfast

*Baked Apples
Ready-to-Eat Cereal
Cream and Sugar
*Old-Fashioned Popovers
With Jam
Beverage
*Recipes Given

If possible, have eggs for breakfast—with bacon, if you can manage it, but remember that a nice hot bowlful of oatmeal will give a goodly quantity of health. Then, of course, you can vary the menu with pancakes, french toast and waffles when the mood strikes you.

Baked pears or apples are a good fruit for breakfast variation. Try apples this way:

***Baked Apple With Orange Marmalade Filling.**

Select apples that are suitable for baking. Core, and fill cavities with orange marmalade. Prick skins with fork and place in a baking pan with a little water. Cover with lid and bake in a slow oven until tender. Remove lid just long enough to brown.

Creamed Chipped Beef Omelet.
(Serves 8)

1 cup chipped beef, cut fine
1½ cups white sauce
6 eggs
6 tablespoons top milk
½ teaspoon salt
⅛ teaspoon pepper

Fold chipped beef into white sauce. Beat eggs until fluffy, then add milk, salt and pepper. Melt enough butter or margarine into a heavy skillet to cover bottom and sides of pan, pour in eggs and shake gently over fire. When set, loosen sides and bottom, cover with heated creamed beef, carefully fold over with spatula, and slide onto hot platter. Serve at once.

For variety, there are many types of griddle cakes:

Sour Milk Griddle Cakes.

1½ cups flour
1 cup buttermilk
1 tablespoon melted butter or margarine
½ teaspoon salt
1 teaspoon baking soda
1 tablespoon sugar
2 eggs

Sift flour and sugar; dissolve soda in buttermilk and add to flour. Drop in unbeaten eggs and beat well, then fold in butter. Drop by spoonfuls on a hot, greased griddle and brown on both sides.

Flannel Cakes.

2 eggs
1½ cups milk
2 cups enriched flour
½ teaspoon salt
2 teaspoons sugar
2 tablespoons melted butter or margarine
3 teaspoons baking powder

Sift all dry ingredients. Beat egg yolks and add to milk. Pour this into the flour, add melted butter, and lastly the well-beaten eggs. Drop by spoonfuls on hot, greased griddle and serve with syrup, preserves or jelly.

Crisp Waffles.
(Makes 4 4-section waffles)

2 cups sifted cake flour
2 teaspoons baking powder
¾ teaspoon salt
2 egg yolks, well beaten
1 cup milk
⅓ cup melted shortening
2 egg whites

Sift flour, measure, add baking powder and salt and sift again. Combine egg yolks and milk, add to flour, beating until smooth. Add shortening. Beat egg whites until they hold up but are still moist, then fold into batter. Bake on hot waffle iron.

Lynn Chambers welcomes you to submit your household queries to her problem clinic. Send your letters to her at Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois. Don't forget to enclose a stamped, self-addressed envelope for your reply.

Insects possess three pairs of legs.

Rubber is made from the latex or milk of the rubber tree.

TAKING PRECAUTIONS

During an ARP practice in a Scottish town one man was told off as a "casualty," to lie down till the ambulance came.

When that happened, the driver was surprised to find the "victim" had his gas-mask on.

"What's the big idea?" he demanded. "There's no' a gas warning."

"I know," was the reply; "but I'm an elder o' the kirk, and if anybody sees me lying on the pavement ootside a pub on Saturday afternoon, I'll nivir hear the end o' it!"

KNOWS HER WORDS

"My wife never says 'boo' when I get home after midnight."

"Neither does mine, she has hundreds of words more effective than that."

Modern Problem

Visitor (in defense plant)—Look at that youngster, the one with the cropped hair and trousers. It's hard to tell whether it's a boy or girl!

War Worker—She's a girl, and she's my daughter!

Visitor—My dear sir, please forgive me. I would never have been so outspoken if I had known you were her father!

W. W.—I'm not her father. I'm her mother!

Dictionary

Cora—Is there a word in the English language, I wonder, which contains all the vowels?

Dora—Unquestionably.

Cora—What is it?

Dora—I just told you!

Head of the Class

Teacher—Will you please explain the difference between shillings and pence?

Boy—Well, I can walk down the street without any shillings!

The Best Cleanser

Mrs. Brown—What do you use for cleaning rugs?

Mrs. Blue—Well, I've tried lots of things but I find my son Jimmy is the best.

Give Him the Hook

Harriet—Yes, one producer offered me $200 a week to go on the stage. But I declined the offer.

Juliet—You were right. Why risk your life for so little!

Household Finance

Mrs.—Isn't a fireplace romantic? See the pretty figures the flames make. What do you suppose they're saying?

Mr.—Sixteen dollars a ton!

World's Greatest Inventor

Mrs.—Say, didn't Edison make the first talking machine?

Mr.—No, dear, God made the first one, but Edison made the first one that could be shut off!

Oh Well!

Mrs.—Hurry or we'll miss the train.

Mr.—I wish I'd brought the piano.

Mrs.—Why?

Mr.—Because the tickets are on it.

Dictatorship

Briggs—It's time you showed your wife who's boss at home.

Jiggs—I don't have to. She already knows!

BREAK IT UP

"We women suffer in silence."

"I suppose that's why you never permit it to exist where you are."

Domestic Peace

Briggs—You say you never had a quarrel with your wife?

Jiggs—Never. She goes her way and I go hers.

Just Like a Man

Mr.—Did he take his misfortune like a man?

Mrs.—I'll say he did; he laid all the blame on his wife!

Scotch Joke No. 9999

Mac—We'll be friends to the end.

Tavish—Sure! You said it!

Mac—Lend me a dime.

Tavish—That's the end!

Everyone's Eating Out

Diner—This hash tastes terrible. Call the manager!

Waiter—I'm sorry, sir, but the manager won't eat it either.

The Woman of It

Hubby—I've thought it over, dear, and decided to agree with you.

Wifey—That's too bad, I've just changed my mind.

Arithmetic Class

Teacher—How old would a person be who was born in 1887?

Bright Boy—Man or woman?

Foreign Affairs

Boy—What is diplomacy, Pop?

Pop—Diplomacy, my son, can be defined as lying in state!

A man is no safer than his most careless act.

NOTICE Tax Payers

Pay Your Taxes Now and Save Yourself Time

Your 1943 TAXES are now due and must be paid before the first day of February, 1944 to avoid penalty.

Both men and women are required to pay their poll tax. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of.

Those who were 60 years of age or more on January 1, 1943 are not required to have an exemption to vote; those who have moved into the county since January 1, 1943, are required to have an exemption; those who have become 21 years of age since January 1, 1943 or will become 21 before election are required to secure an exemption certificate during January, 1944, before they may vote in any of the elections during the year; no charge is made for these exemptions.

In 1944 automobile license fees cannot be paid before February 1st, 1944, but must be paid between February 1st, and April 1st, 1944.

M. E. CANTRELL

SHERIFF, TAX ASSESSOR AND COLLECTOR

SUBSCRIBE FOR A FOOD LOCKER TODAY

440 NEW FOOD LOCKERS

A recent provision by our government permits food locker plants to enlarge their facilities, providing there can be established urgent needs for them.

Their requirements specify that 60% of the contemplated lockers be contracted and the money placed in escrow in the bank.

We think that all the people in our immediate community should be given the opportunity to subscribe for these lockers before we solicit any customers from Amarillo or elsewhere.

For the mutual benefit of all subscribers and to hasten construction we ask that those who do not have a locker and wish one, come by and get a contract immediately.
